

INTERNATIONAL SCHOOL OF MEDICINE

SYLLABUS

Program:	General medicine
Qualification of the graduate:	General practitioner / Medical doctor
Year:	2022-2023
Semester:	10
Course duration:	8 weeks
Instructor/Assistant/Professor	Name: Zhanibekov I., Amanbekov I.
Department:	Pathology
Day and Time for consultation:	
Classroom:	402
e-mail:	z.iliyas@mail.ru
Course Title:	Sectional course
Must/Elective:	Elective:
Credit/Hours:	1
Course Description:	Sectional course is studied by students of the medical faculty of the 10th semester, when they have mastered the basics of normal and pathological anatomy, histology, biochemistry, normal and pathological physiology and completed the development of clinical disciplines.
Course Objectives:	The purpose of studying the course is to understand the etiology, pathogenesis, structural foundations of pathological processes, acquired, congenital and hereditary diseases, their complications, outcomes, causes of death in order to use the acquired knowledge in clinical departments and the work of a doctor.
Prerequisites:	histology, pathological anatomy, pathological physiology, cardiology, traumatology and other clinical disciplines.
Post-requisites:	clinical pathological anatomy, propaedeutics of internal diseases, toxicology, general surgery and other clinical disciplines.
Learning Outcomes: (expected knowledge & ability at the end)	freely operate with modern data relating to issues of etiology, pathogenesis, manifestations and mechanisms of the development of the disease, syndromes and typical pathological processes, their clinical significance, modern possibilities for prevention, diagnosis and treatment; apply the acquired knowledge to solve most standard clinical situations

COURSE POLICY AND EVALUATION CRITERIA:

Type of control (current, milestone, final)	Control form	Assessment of learning outcomes
Attendance	For one missed lesson minus 2 points	20 points
Current control	Oral survey, written work	20 points
IWS+IWW	Performing assignments, work with literature	20 points
Milestone control (modul submission)	Testing, control tasks	40 points
Final control (differential test)	Conversation, examination (test.edu.kg)	100 points

Scale of correspondence between grades and scores on the final control (exam)	
Score	Grade
90-100	«excellent»
76-89	«good»
60-75	«satisfactory»
0-59	«unsatisfactory»

Course Plan	Practice	Subject
1 week	Practice	Pathoanatomical service
2 week	Practice	Autopsy
3 week	Practice	Clinical and pathoanatomical diagnoses
4 week	Practice	Clinico- pathoanatomical epicrisis
5 week	Practice	Comparison of clinical and pathoanatomical diagnoses
6 week	Practice	Death certificate
7 week	Practice	Clinico-pathoanatomical conference
Module 1		
8 week	Practice	Examination of biopsies, operating material and placentas.
